

Waitlist Information:

I don't overload my classes, but sometimes students will drop the course or fail to complete their orientation. Keep checking your status to see if you have been added to the class.

Complete the orientation within 24 hours if you are added to the class. You may be dropped without notice if you fail to complete the orientation within 24 hours of being added to the class.

Here are some things you can do while you are on the waitlist:

1. Even if you've already taken an online course, please review each of the following links as a refresher.

- a. [Is eLearning Right For Me?](#)
- b. [What is eLearning?](#)
- c. [Where do I begin?](#)
- d. [Strategies for eLearning Success](#)
- e. [eLearning Student Guide](#)

2. One of your first assignments is to post an introduction to the class. Write your introduction now and copy & paste it into Blackboard if you are added to the class.

Don't share anything you are not comfortable sharing, but please tell us the following things:

- a. Apart from it being required or you wanting to get a good grade, what is your goal for taking this class. In other words, what do you want to accomplish, professionally or academically?
- b. Who in your life cares that you are here in this class and why? Someone in your family? Someone at your job? Someone else?
- c. Have you taken any eLearning courses before? And, why have you elected to take this course as an eLearning course rather than face-to-face?
- d. Share at least one piece of advice for your classmates on how to be successful in an eLearning course.
