Almost everything you need to teach your class is found on a single personalized website requiring just one log in, password and web address. You can easily access both instructor and student resources across Cengage Learning.

Go to the following site to request a password so you can utilize the instructor's materials on-line.

<http://www.cengage.com/sso/>

Click on "Create My Account." Click on "Faculty."

Follow the prompts and enter the required information. Within 48 hours, you should receive confirmation about your password so you can utilize the instructor's resources.

Once your faculty account is active, you can add any title and most accompanying eTextbook resources. A Quick Tour link is provided to walk you through how to load titles and access the eResources. If you experience technical issues, please contact technical support at academic.cengage.com/support or call **Single sign on tech support- 1-800-648-7450 Option 5 Option 3**
